Ms. Linda Bennett  
Councilwoman, District 1  
Chattanooga City Council  
City Council Building  
1000 Lindsay Street  
Chattanooga, TN 37402

RE: Letter To Jerry W. Stewart, P.E., Director Waste Resources, Dept. Of Public Works.

Dear Ms. Bennett:

As you recall, several weeks ago I provided you and all the members of the City Council, my letter to US Attorney James R. Dedrick regarding issues I know to be illegal in the City of Chattanooga and Hamilton County. You graciously met with me at the council building and allowed me to explain my concern.

By this letter I am formally requesting you cause an investigation of the loss of \$149,000 of city taxpayers money illegally spent to clean-up the Chattanooga Summit Landfill by members known and unknown in City Government. Enclosed is my letter to Jerry W. Stewart, P.E., Director of Waste Resources, with attached evidence to support my allegations of illegal activities. This activity is still occurring.

Also attached is the letter of September 27, 2007 to me from US Attorney James R. Dedrick. The criminal activity described in this correspondence is absolutely provable by hard evidence and tape recorded conversations and directly against the public trust. Please advise me in writing as to what you intend to do regarding the contents of this letter.

Very truly yours,

  
Ernest A. Oliver
