RE: Letter To Jerry W. Stewart, P.E., Director Waste Resources, Dept. Of Public Works.

Dear Mr. Lambert:

Please find my letters to Mr. Jerry W. Stewart, P.E., Director Waste Resources, Department of Public Works in the City of Chattanooga, and Councilwoman Linda Bennett with enclosures. Also enclosed is a copy of the letter from US Attorney James R. Dedrick to me on September 27, 2007. The issues forwarded to you by US Attorney Dedrick reflect serious criminal activity in Hamilton County, TN and show a pattern of reckless depraved indifference to the public welfare and the public trust.

The issues against the Hamilton County prosecutor Bill Cox, Assistant County prosecutor David Denny, and the grand jury foreman Marsha Crabtree can be proven by tape recorded conversations and hard evidence. The issues against the McKee brothers and McKee Foods Corporation also have tape recorded conversations for support and hard documented court records as proof.

Although US Attorney Dedrick states he has furnished a copy of my letters and supporting papers to you in his September 27, 2007 correspondence to me which letter is enclosed herein, I have yet to hear from your office on this matter. I would very much like to hear from you and would expect you to contact me for a more complete interview with your agents.

Please let me know as soon as possible in regard to my request for an investigation in these matters.

Very truly yours,

Ernest A. Oliver
